Dodd-Frank Section 1502
2013 Conflict Minerals Report

National Wire & Cable Corporation and its National Cable Molding Division is an ESOP, Employee Owned (ESOP) privately held “C” corporation headquartered in Los Angeles, California.

The company is engaged in the primary business of manufacturing wire and cable products, some of which may contain tin and/or gold. National Wire & Cable Corp. has no direct relationship with any companies or suppliers originating in conflict areas or adjoining countries. Pursuant to compliance with Dodd-Frank Section 1502 requirements, National Wire & Cable Corporation makes all reasonable inquiry of our supply chain to ensure the origin of the metals used in the manufacture of all our products. All metals used in National Wire and Cable products have been determined to be DRC-conflict free.

Thank you,

Vic Alfonsi,
Vice President of Sales and Marketing
